- Stubble setting for a 5 o'clock shadow look

Provides optimal power

- Corded and cordless use for maximum power and freedom
- Strong lithium-ion battery for optimal power use
- Turbo power boost button boosts cutting and fan speed

PHILIPS

Highlights

18 secured length settings

Select and locks your desired length within a versatile range of possible lengths.

Clear view hair chamber

Transparent hair chamber makes it easy to see when the chamber needs to be emptied.

Corded and cordless use

Use your Philips trimmer corded or cordless with the recharged battery for maximum power and freedom.

Maintenance-free blades

The blades stay sharp and need no oiling, so your product is always ready for use.

Multifunctional display

Multifunctional display shows the length setting easily

Powerful Lithium-Ion battery

This product has a powerful lithium-ion battery with quick charge so you can charge the product in only 1 hour and get 50 minutes of use.

Stubble comb

The stubble comb has been designed to increase visibility during trimming as there are no frontal teeth. Moreover, fine contours are possible by applying the tip of the trimmer at

different angles on the skin. This allows for greater control with each individual hair length. This comb is ideal for a perfect stubble or a 5 o'clock shadow where every detail counts.

Stubble setting

If you want short stubble of 0.5 mm for a perfect 5 o'clock shadow look, use the Philips trimmer without the trimming comb.

Travel lock

Travel lock option protects your product against unintentionally switching on when you are carrying it in your bag.

Turbo power boost button

When greater suction power and increased cutting speed is desired while trimming, simply press the Turbo Power Button.
